

YOUNG LASALLIAN CREED

FAITH:

As Believers...

We understand we are living in a reality that is increasingly multi-religious.
We believe in ourselves, others and the Creator's will to make a better world.
We promote acting in prayer and faith with all cultures and religions.

With Enthusiasm...

We understand the joy of living is contagious, and it permeates our daily lives.
We consider that the joy is in the journey, no matter how difficult.
We promote acting passionately and tirelessly to spread happiness.

Using Kindness and Creativity...

We understand young people's need for compassion as they face their problems.
We consider patience with one another shows love and builds bonds of peace.
We promote trust and hope through actively listening and sharing.

COMMUNITY:

As Family...

We understand the need for us to participate within the Lasallian Family.
We consider growth through shared experience moves us closer to our mission.
We promote sharing in each other's experiences for greater understanding.

In Union...

We understand together we can build a Civilization of Love (Pope John Paul II).
We consider our calling to come together to build a better world.
We promote strengthening our bonds of communication.

With Humility...

We understand De La Salle freed his heart and humbled himself before God.
We consider that only with a humble spirit can we share what we are.
We promote touching the hearts of others.

SERVICE:

Through Responsibility...

We understand fulfilling commitments brings meaning to our lives.
We consider providing opportunities an essential quality of our charism.
We promote action which empowers young people.

Through Example...

We understand, in this era of globalization, there is a lack of witness.
We consider that actions speak louder than words.
We promote fully committing ourselves each day in the Lasallian Charism.

With devotion...

We understand that it is in small acts that we can make a difference.
We consider each individual valuable.
We promote working ardently for the young, especially the poor.

LIVE JESUS IN OUR HEARTS! FOREVER!
